ACCESSIBILITY PLAN 2021 to 2022

Dawn House School

We believe that this Accessibility Plan is compliant with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over the prescribed period.

Plan over a prescribed period

1. The Dawn House School Accessibility Plan has been drawn up based upon study of legislation, informed by staff knowledge of pupils' needs and disabilities in conjunction with information received from placing authorities, parents, pupils and governors of the school. The Accessibility Plan will contribute and advise other school planning documents. The Accessibility Plan will be reported upon annually in respect of progress and outcomes, and provide a projected plan for the period ahead of the next review date. This plan was updated Autumn Term 2021 and reflects statutory requirements for the setting of Equality Objectives and has since been reviewed
2. The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that I CAN Director of Education will monitor the school's activity under the Equality Act 2010 (and in particular regarding Accessibility) and will advise upon the compliance with that duty.
3. We are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their age, education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability by challenging negative attitudes about disability and accessibility and to develop a culture of awareness, tolerance and inclusion developing a culture of inclusion within the school.
4. The Dawn House School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school in a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. In accordance with the Equalities Act 2010 the Accessibility Plan will contain relevant and timely actions to:
 - Increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as those pupils without a disability. The school understands that failure to do this would be in breach of its duties under the Equalities Act 2010; as such, this covers both teaching and learning and the wider curriculum of the school such as participation in enrichment lessons, after-school clubs, leisure and cultural activities and school visits - it also covers the provision of specialist or **auxiliary aids and equipment**, which may assist these pupils in accessing the curriculum within a reasonable timeframe.

- Improve access to the **physical environment** of the school, adding specialist facilities as necessary - this covers improvements to the physical environment of the school such as improved access, lightning, acoustic treatment and colour schemes and physical aids to access education within a reasonable timeframe and through a planned rolling programme.
- Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities; such examples might include handouts, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

5. The Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

6. Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

7. The Accessibility Plan for physical accessibility relates to the Access Audit of the School, which was originally undertaken by the senior leadership group and subsequently updated by the school. However, remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the on-going period.

8. The terms of reference for the Governing body will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

9. The School Brochure/Prospectus will make reference to this Accessibility Plan.

10. The School's complaints procedure covers the Accessibility Plan.

11. The Accessibility Plan will be published on the school website.

12. The Accessibility Plan will be monitored by the Governing Body.

14. The school will work in partnership with I CAN in developing and implementing this Accessibility Plan.

15. The Accessibility Plan may be monitored by Ofsted during Inspection processes in relation to Schedule 10 of the Equality Act 2010.
