

Primary 1:	Primary 2:	Junior:
<p>Self-Awareness:</p> <ul style="list-style-type: none"> Recognizing their own likes, dislikes, strengths, and interests. Beginning to understand and express their own emotions. <p>Basic Communication Skills:</p> <ul style="list-style-type: none"> Developing verbal and non-verbal communication skills. Learning to listen to others and take turns in conversation. <p>Social Skills:</p> <ul style="list-style-type: none"> Building positive relationships with peers and adults. Learning to cooperate, share, and resolve conflicts. <p>Curiosity and Exploration:</p> <ul style="list-style-type: none"> Encouraging curiosity about the world around them. Engaging in exploratory play to develop problem-solving skills. <p>Independence:</p> <ul style="list-style-type: none"> Performing simple tasks independently (e.g., dressing, tidying up). Developing confidence to try new activities and take small risks. <p>Teamwork:</p> <ul style="list-style-type: none"> Participating in group activities and learning to work with others. Understanding the importance of collaboration. <p>Listening and Following Instructions:</p> <ul style="list-style-type: none"> Developing the ability to follow simple instructions. 	<p>Introduction to Different Jobs:</p> <ul style="list-style-type: none"> Recognizing and naming various jobs in the community (e.g., teacher, doctor, firefighter). Understanding the basic responsibilities associated with different jobs. <p>Basic Understanding of Work:</p> <ul style="list-style-type: none"> Learning about the concept of work and why people have jobs. Discussing the roles of family members and community helpers. <p>Listening and Following Instructions:</p> <ul style="list-style-type: none"> Developing the ability to listen carefully and follow multi-step instructions. Practicing attentiveness in classroom activities. <p>Communication Skills:</p> <ul style="list-style-type: none"> Practicing speaking clearly and listening to others. Engaging in simple conversations about different jobs and what they entail. <p>Cooperation and Teamwork:</p> <ul style="list-style-type: none"> Participating in group activities and projects. Learning to share and take turns in various tasks. <p>Role Play and Imaginative Play:</p> <ul style="list-style-type: none"> Using role play to explore different jobs and understand what they involve. Developing creativity and imagination through job-themed play. <p>Basic Numeracy and Literacy:</p> <ul style="list-style-type: none"> Using basic numeracy skills to understand concepts like money and time (e.g., counting coins, telling time). 	<p>Exploring a Range of Jobs:</p> <ul style="list-style-type: none"> Identifying a wider variety of jobs and professions. Understanding the roles and responsibilities of different jobs in more detail. <p>Understanding the Purpose of Work:</p> <ul style="list-style-type: none"> Discussing why people work and the importance of different jobs in the community. Exploring how different jobs contribute to society. <p>Enhanced Listening and Instruction Following:</p> <ul style="list-style-type: none"> Developing the ability to listen carefully and follow more complex multi-step instructions. Practicing attentiveness and understanding detailed instructions in classroom activities. <p>Improved Communication Skills:</p> <ul style="list-style-type: none"> Enhancing speaking, listening and questioning skills. Engaging in more structured conversations about different careers and what they involve. <p>Teamwork and Collaboration:</p> <ul style="list-style-type: none"> Working effectively in groups, sharing tasks, and cooperating with peers. Learning to communicate and collaborate to achieve common goals. <p>Role Play and Practical Experience:</p> <ul style="list-style-type: none"> Participating in role play activities that simulate different jobs. Gaining practical experience through activities that mimic real-world tasks.

<ul style="list-style-type: none"> • Learning to pay attention and concentrate on tasks. <p>Imaginative Play:</p> <ul style="list-style-type: none"> • Using role play to explore different roles and occupations. • Developing creativity and storytelling skills. <p>Understanding the World:</p> <ul style="list-style-type: none"> • Learning about different people and communities. • Exploring the concept of past, present, and future. <p>Emotional Regulation:</p> <ul style="list-style-type: none"> • Developing the ability to manage their emotions and behaviours. • Learning strategies for coping with feelings of frustration or disappointment. <p>Respect and Empathy:</p> <ul style="list-style-type: none"> • Understanding the importance of respecting others and their feelings. • Demonstrating empathy through actions and play. 	<ul style="list-style-type: none"> • Engaging in reading and writing activities related to different careers (e.g., reading books about jobs, writing about what they want to be when they grow up). <p>Understanding Tools and Equipment:</p> <ul style="list-style-type: none"> • Learning about the tools and equipment used in various jobs (e.g., stethoscope for a doctor, hose for a firefighter). • Exploring how these tools help people do their jobs. <p>Respect for All Jobs:</p> <ul style="list-style-type: none"> • Developing respect for all types of work and understanding that every job is important. • Discussing the value of different jobs in the community. <p>Goal Setting:</p> <ul style="list-style-type: none"> • Setting simple, achievable goals related to schoolwork and personal tasks. • Understanding the concept of working towards a goal. <p>Awareness of Personal Strengths:</p> <ul style="list-style-type: none"> • Recognizing their own strengths and interests. • Beginning to understand how their interests might relate to different careers. 	<p>Numeracy and Literacy in Context:</p> <ul style="list-style-type: none"> • Applying basic numeracy skills to real-world scenarios (e.g., handling money, measuring ingredients). • Engaging in reading and writing activities related to career topics (e.g., reading about various jobs, writing job descriptions). <p>Understanding Tools and Equipment:</p> <ul style="list-style-type: none"> • Learning about the tools and equipment used in different professions. • Exploring how these tools are used in practical situations. <p>Respect for Different Jobs:</p> <ul style="list-style-type: none"> • Developing a deeper respect for various professions and understanding the value of each. • Discussing the importance of different jobs and how they help the community. <p>Setting and Achieving Goals:</p> <ul style="list-style-type: none"> • Setting more complex, achievable goals related to schoolwork and personal tasks. • Understanding the steps required to achieve these goals and working towards them. <p>Awareness of Personal Strengths and Interests:</p> <ul style="list-style-type: none"> • Recognizing their own strengths and interests and how these might relate to different careers. • Exploring how their personal interests can influence their career choices in the future.
--	---	--

Key Stage 3:

Understanding Career Pathways:

- Exploring different career paths and the educational or training requirements for various professions.
- Discussing how interests and skills align with potential career choices.

Introduction to the World of Work:

- Learning about a broader range of professions and the daily activities associated with them.
- Understanding the purpose and importance of various jobs within the community.

Developing Research Skills:

- Using basic research tools (e.g., books, internet) to find information about different careers.
- Learning to ask relevant questions to gather information about jobs and professions.

Enhanced Communication Skills:

- Practicing clear and effective verbal and written communication.
- Engaging in discussions and presentations about different careers and what they involve.

Practical and Technical Skills:

- Gaining hands-on experience with tools and equipment used in various professions (e.g., basic gardening, cooking).
- Understanding safety procedures and proper use of tools.

Respect for Diversity in Careers:

- Appreciating the diversity of roles and the people who perform them.
- Understanding the value of different careers and the contributions they make to society.

Personal Goal Setting:

- Setting personal academic and career-related goals.
- Creating action plans to achieve these goals and monitoring progress.

Financial Literacy Basics:

- Introduction to basic financial concepts such as saving, budgeting, and understanding the value of money.
- Engaging in activities that simulate financial decision-making.

Key Stage 4:

Career Exploration:

- Deepening knowledge of a wide range of careers and the skills required for each.
- Investigating the day-to-day tasks and responsibilities of various professions.

Understanding Career Paths:

- Learning about different educational pathways, including vocational and academic routes.
- Understanding the steps required to pursue specific careers, such as further education, training, and qualifications.

Goal Setting and Planning:

- Setting realistic short-term and long-term academic and career goals.
- Developing action plans to achieve these goals, including identifying necessary skills and resources.

Communication and Presentation Skills:

- Developing advanced verbal and written communication skills.
- Practicing public speaking and presentation skills through projects and class discussions about careers.

Teamwork and Leadership:

- Participating in group projects that require collaboration and leadership.
- Understanding different team roles and how to effectively lead a team.

Financial Literacy:

- Learning more advanced financial concepts such as earning, saving, budgeting, and managing money.
- Understanding the basics of entrepreneurship and the financial aspects of running a business.

Digital Literacy:

- Using technology to research careers and develop digital presentations.
- Understanding the importance of digital skills in the modern workplace.

Self-Awareness and Reflection:

- Reflecting on personal strengths, interests, and values.
- Understanding how these personal attributes can influence career choices and success.

Resilience and Adaptability:

- Developing resilience by learning how to cope with setbacks and challenges.

Self-Awareness and Reflection:

- Reflecting on personal strengths, interests, and areas for improvement.
- Understanding how these personal attributes can influence future career choices.

Awareness of Work-Life Balance:

- Discussing the importance of balancing work and personal life.
- Understanding how different professions impact lifestyle and personal time.

- Understanding the importance of adaptability in a rapidly changing job market.

Networking Skills:

- Learning the basics of networking and building professional relationships.
- Understanding the importance of mentors and role models in career development.

Time Management and Organization:

- Enhancing time management skills to balance schoolwork, extracurricular activities, and personal interests.
- Developing organizational skills to manage projects and assignments effectively.

Understanding Diversity and Inclusion:

- Appreciating the importance of diversity and inclusion in the workplace.
- Learning about different cultures, backgrounds, and perspectives, and understanding their value in a professional setting.

Key Stage 5:

Self-Awareness and Personal Development:

- Identifying personal strengths, weaknesses, interests, and values.
- Reflecting on personal achievements and areas for improvement.

Career Exploration:

- Researching a wide range of careers and understanding the qualifications, skills, and pathways needed for different professions.
- Learning about emerging job markets and future career trends.

Goal Setting and Planning:

- Setting realistic and achievable short-term and long-term academic and career goals.
- Developing action plans and steps to achieve these goals.

Communication Skills:

- Enhancing verbal and written communication skills through presentations, reports and discussions.
- Understanding the importance of effective communication in the workplace.

Teamwork and Collaboration:

- Participating in group projects and activities that require cooperation and teamwork.
- Learning about different team roles and how to work effectively with others.

Digital Literacy:

- Developing advanced ICT skills, including the use of software for research, presentations and project management.
- Understanding the role of digital skills in the modern workplace.

Financial Literacy:

- Learning about budgeting, saving, and financial planning.
- Understanding the basics of earnings, taxes and managing personal finances.

Resilience and Adaptability:

- Developing strategies to cope with challenges, setbacks and changes.
- Understanding the importance of resilience and adaptability in achieving career goals.

Research Skills:

- Using various research methods and tools to gather information about careers and educational pathways.
- Evaluating the reliability and relevance of different sources of information.

Networking Skills:

- Learning the basics of networking and the importance of professional relationships.
- Developing skills to approach and interact with mentors, professionals, and potential employers.

Understanding Diversity and Inclusion:

- Learning about the value of diversity and inclusion in the workplace.
- Understanding different cultural perspectives and the importance of respectful and inclusive behaviour.

Presentation and Public Speaking:

- Building confidence in public speaking through class presentations and debates.
- Developing skills to present information clearly and effectively to different audiences.
